Subject: Dodd-Frank Act – Conflict materials.

In seeking to fulfil its social responsibility in procurement, AMA UK\* has adopted in principle a policy of non-use of conflict-affected minerals in line with the Dodd-Frank Act 2010.

To the best of our knowledge our material is procured from quality assessed, fully traceable and responsible sources/mills and does not contain conflict minerals (columbite-tantalite, cassiterite, gold, wolframite, or their derivatives).

Since the company does not source minerals directly, it seeks to ensure that its suppliers have responded favourably and responsibly and have similar policies in place, and can clearly identify the sources of their minerals.

Should you need further clarification of this statement, please contact your local service centre.

Reviewed: May 2020

\*AMA companies that comprise "AMA UK" are Gould Alloys Limited (registered company #1854699) & Wilsons Limited (registered company # 2048485) both of which are registered to Parkway House, Pacific Avenue, Wednesbury, West Midlands, WS10 7WP.
